These seminars continue to provide what is probably the Club's most valuable service. All our instructors are top class specialists and give their services free to the Club. Over 4000 Club members have taken part in these rewarding weekends. You learn more about your car in two intensive days than you would think possible. The goodwill and exchange of information is a key feature. There are a limited number of places on each seminar. All seminars are first come, first served. If you can bring your Club car it is a bonus, but it is by no means obligatory. Details of accommodation to suit all pockets will be sent out with booking confirmation.
